CERTIFICATE OF TRAINING & ACCESSIBILITY VALIDATION

To Whomsoever It May Concern

This is to certify that **BootWay INAAS Private Limited** conducted a training and demonstration programme of its **Indoor Navigation Solution** at **[Adarsh Gyanoday Vikas Samiti, Sawai Madhopur]**, with the objective of familiarising students, faculty members, and staff with the use and functionality of the solution.

During the programme, participants were provided practical guidance on accessing and using the indoor navigation system for locating and navigating to various facilities within the campus.

The solution was also demonstrated and tested from an accessibility perspective. Based on the interaction and practical use during the programme, **specially-abled persons/Persons with Disabilities (PwDs)** were able to access and use the indoor navigation solution smoothly and independently for navigating within the premises, subject to the accessibility features and infrastructure available at the campus.

The programme provided participants with an understanding of the potential of digital indoor navigation in improving accessibility, wayfinding, and ease of movement within large institutional premises.

We appreciate the efforts of **BootWay INAAS Private Limited** in developing and demonstrating technology aimed at making indoor spaces more accessible and user-friendly.

This certificate is issued to **BootWay INAAS Private Limited** in recognition of the successful conduct of the training and demonstration programme at **[Adarsh Gyanoday Vikas Samiti, Sawai Madhopur]**.
